

A large orange gear icon is centered in the background. The text "GDQ Learning Hub" is overlaid on the gear.

# GDQ Learning Hub

# Aim of the project

- Build a new learning platform where courses offered by GDQ Associates can be accessed and conducted by national and international future consultants
- A hub for tutors and students to access updated course material, diplomas and follow the learning journey.
- Update the contents of the e-learning in order to enhance the learning experience and outcome
- Make the e-learning course more equivalent to the on-site course by having Maria Åkerlund and Christian Jacobsson present the content
- Update visual graphics

# The platform

# How to access

- The new Learning hub will be available via My GDQ Management.
- GDQ-consultants: access when logging in
- New users: an account will be created and for access to the Learning hub and, when certification is completed, expanded access to the whole My GDQ Management platform

# What will be found on the platform?

- Digital GDQ-certification course
- On-site GDQ-certification course
  - \* access to material used during the on-site course
  - \* follow your journey
  - \* access to tutorials and diploma
- Other courses
- Re-certification
